

Infrassure is a successful insurance and reinsurance company based in Zurich, Switzerland, specialized in insuring the construction and operation of major, international infrastructure projects and facilities, such as power plants, telecom networks, semi-conductor plants, oil and gas production / refining facilities, petrochemical and other process industries (cement, pulp and paper, chemicals etc.), mining and metal production facilities and civil construction works.

To further strengthen our highly motivated and qualified team we are looking for individuals who would like to make a career move into the insurance / reinsurance industry as an

## **Underwriting & Claims Manager – Construction, Metals and Mining**

### **Your role**

You will be the single point of contact, with responsibility for your own clients. You will cover a variety of challenging activities, such as analyzing and evaluating insurance risks, negotiating with clients, tailoring insurance solutions to client needs and implementing the solutions with co-insurers and reinsurers as participants. You will be responsible for providing quality insurance services during different phases: construction and operation; contract negotiations; preparation; negotiation and settlement of claims. This position offers exposure to global insurance and reinsurance projects and requires a certain amount of international travel.

### **Your profile**

You have a degree in civil engineering, mining or metallurgy, with 5-7 years experience in one of the following areas: construction of large civil engineering projects; erection or operation of metal processing or mining facilities; loss adjustment or risk inspection of such projects and facilities. Combined with a strong interest in commercial and financial matters, this makes you an excellent candidate for this multifaceted role. Our business language is English and the ability to speak other languages is an asset. Team spirit, analytical skills and excellent negotiating and communicating skills are also necessary strengths.

If you would like to join a dynamic and growing company and be involved with global business activities, please send your detailed application to:
